## PENGUIN SIGN

The Penguin got its name from its feet structure, making it resistant to tipping. Standing stable and upright, it is able to serve as an obvious warning.

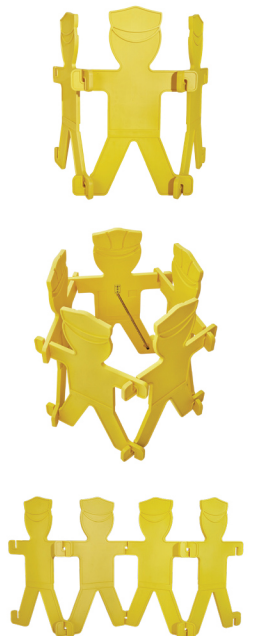

Based on the user's needs, different wordings can be printed onto the sign.

Made of high-quality plastic, it is resistant to breakages based on daily needs and fatigue.

## MAN SIGN

The Man Sign is one of the biggest caution signs available in the industry. Apart from being a warning sign, it can also be used as a barricade for construction sites.

The Man Sign can be linked together to cordon off areas. Round formation can be used for area like manhole, while straight formation can be used for places like lift lobbies.
